Course Overview:

Internal investigations need to be conducted in a business from time to time. It is usually because a problem has occurred and management needs answers to a number of questions to be able to resolve the problem.

This workshop provides a detailed examination of the process from start to finish to conduct an internal investigation. This course has a number of practical tips for internal investigators.

What you will learn....

- How to lay out an investigation format
- Determine the roles and responsibilities of team members
- The legal and quasi-legal issues to consider
- How to overcome bias that could affect investigation outcome
- Determine the various avenues of an investigation
- Determine interviewees and when to conduct interviews
- Analysis of evidence gathered
- Preparation of the report

. "Investigation is the process of taking one from confusion to understanding"

Our workshops have been developed using Dave's vast expertise and knowledge developed over a span of 28 years of service with the Royal Canadian Mounted Police and 20 years as an investigator and security consultant.

In our workshops, we provide practical insight and solutions to corporate and personal security concerns. Check out our website at www.daverodwell.com
